

Required language proofs with the internal ERASMUS application

Language proofs:

The partner universities can request a language proof. Please check this directly on the websites of the partner universities (see <https://www.hs-emden-leer.de/en/university-of-applied-sciences/organization/departments-a-z/international-office/partner-universities>) and hand in this proof together with your INTERNAL application.

If the partner university does currently **not*** request a language proof, we nevertheless need a language proof for the internal selection of the candidates. Sufficient is a proof of a language course at University of Applied Sciences Emden/Leer including a grade or "pass" in the transcript of records (then please load up the transcript of records at the place where the language proof is required) or a certificate of one of our language teachers at University of Applied Sciences Emden/Leer or a school leaving certificate with explicitly states the language level.

Responsibilities for language proofs at University of Applied Sciences Emden/Leer:

Students, who need a language proof from University of Applied Sciences Emden/Leer, should contact their language teacher:
