8	Workshop: „How to manage a dean“ (offered in Leer!)	<b>delivered by the Faculty of Maritime Sciences</b> <i>(open for all interested people)</i> I work as a research associate and as an assistant to the dean at the Faculty of Maritime Sciences. I would like to provide a platform for an exchange of knowledge and experience for people who are responsible for managing science managers.	8
9	Family Service / Gender Office	<b>Method:</b> Presentation and exchange of experiences.	2
10	Faculty of Social Work and Health	<p><b>Community Organizing</b> <i>(open for all interested people)</i></p> <p>The workshop will first give an overview of community work in Germany. Then the workshop focuses on the basics of community organizing. On request it is possible to make a district tour (in a disadvantaged district of Emden) as well as an excursion to community work in Oldenburg. Since "housing" is the new social issue in Germany, there would also be an exchange on the housing market, especially for poor people.</p> <p style="text-align: center;">----- <i>OR</i> -----</p> <p><b>Historiography of Social Work</b> <i>(open for all interested people)</i></p> <p>The workshop first presents various historical perspectives of social work in Germany. In the background is that historiography is always a reflexive construction, with which "politics" are operated.</p> <p>Since there is a lack of international comparative historiography in social work, the second part of the workshop aims to address country-specific and possibly different approaches to social work through their histories.</p> <p>It is also intended to thematize different methods of historiographic research in the workshop, i.a. concerning the handling of image and other sources. Historical sources, e.g. Paintings, can be visited in the A-Lasco library and the museum of Eastfrisia.</p>	12
